EXPERIENCE

Customer Development Manager & Market Strategy
BottlesXO
12/2016 - 06/2017   Suzhou/Shanghaï,China

BottlesXO is a technology startup that builds an on-demand wine & beer delivery app offering fine European wines and craft beers at affordable prices in Shanghai, Suzhou, Hong Kong and Singapore. My job was to formulate a market strategy for the Suzhou market and assist in its execution.

Founder
HelloChina Social Network
01/2016 - 12/2016   Suzhou,China

After graduating college, another student and I decided to turn a student project into a technology business,

- Customer & Product Development: built a community of over 3000 users in 6 months with a minimum viable product
- Funding: pitched to and won a Chinese startup technology competition
- Recruiting & Management: hired and managed 2 employees and a team of 5 interns

Project Management Intern
Sodexo
05/2014 - 07/2014   Brussels, Belgium

As a Food Services and Facilities Management multinational corporation, Sodexo is one of the largest companies in the world in its business, with 380,000 employees, present on 34,000 sites in 80 countries.

STRENGTHS

- Creative
- Resilient
- Calm under pressure
- Bold Thinker

EDUCATION

FullStack Developer training
BeCode
11/2017 - 06/2018

BeCode is a coding "bootcamp", where I am deep-diving into programming, development and technology, changing my mindset to learn how to think like a developer. Focusing on becoming autonomous and more creative while collaborating with other developers and entrepreneurs who are trying to make a difference.

Bachelor's in International Business Development
SKEMA Business School
09/2012 - 04/2016

SKEMA is a global business school which, through its research and management programmes, trains and educates the talented individuals that 21st century business requires.

HTML/CSS--SASS--Bootstrap--JavaScript--SQL-Node.js--PHP--Python

ACHIEVEMENTS

Culture Shock
Lived + worked in China for 2 years

Marathon Man
Ran 5 marathons across Europe

The technology Pivot
Stopped everything to learn how to code

PROJECTS

Dorothy AI
01/2018 - 06/2018   Brussels, Belgium

Co-Developped an AI tool using Google's Dialogflow designed to help students throughout their curriculum at the BeCode Coding School

Martin Laval Beatkit
02/2018 - 04/2018   Brussels, Belgium

Built a JavaScript drumkit program inspired by and built for one of my best friends, Martin Laval

Saint-Nicolas UI/UX
01/2018 - 06/2018   Brussels, Belgium

Built a website for my brother's business from scratch.

VOLUNTEER

Kids Labs - CoderDojo
02/2018 - 04/2018   Brussels, Belgium

CoderDojo offers free coding classes to boys and girls between the ages of 7 and 18! The Dojos are only organized by volunteers and I was lucky to be one of them!

Hackathon Project: Taxi-Babel
12/2017   Brussels, Belgium

Co-Developped a web-documentary showing the cultural diversity of Brussels through a taxi trip. This hackathon project won first prize!

Recard It
09/2009 - 06/2010   Brussels, Belgium

High school startup project: we designed, manufactured and ran an technological greetings card business and won the national junior entrepreneurship championship.
